

YOKUM CREEK PARK

- A Entrance A | 1976**
Former entrance area. Sits unused since the opening of the larger new main Entrance B.
- B Old Europe | 1976**
The bustling streets of this original heart of the park are based on various European building styles. Attractions vary from carousels, theaters, a classic 360° cinema and a haunted walkthrough to the many shops, restaurants and even an indoor children's playground.
- C Action Area | 1982**
A collection of swirling thrill-rides such as a classic Vekoma-looper, a racetrack and an indoor rollercoaster.
- D Castlerock | 1984**
A small mythical town built at the foot of a medieval castle. Home to the Gulliver darkride and one of the two Viewliner-stations. Medieval festivals and games are organized on the playground-area.
- E Canyons of Texas | 1986**
While the trains of the impressive Texas Giant are racing over the track, more action in this old frontier town can be found on the Silver Mountain mine train and the razing river of Red River Canyon.
- F Egypt | 1995**
The first big expansion outside the park's original borders is an ancient Egypt-themed area, complete with pyramids and a spectacular hypercoaster, named after a legendary poisoned wind.
- G Grimvalley | 2002**
A spooky castle on top of a rocky hill serves as the starting point for an impressive flight on a compact B&M Inverted through the woods and past waterfalls.
- H Entrance B | 2008**
This magnificent Scandinavian new entrance area is both inspired by the famous Danish Nyhavn and the old countryside towns. The main street is a bustling place with tramrides, shops, restaurants and information offices, while on the other side of the water a few rides such as the Sophia Amalia swinging ship can be enjoyed.
